RE: Docket Number E-01933A-12-0291

Commissioner Stump and the Corporation Commission,

I'm writing today in support of the energy efficiency standard as part of the Tucson Electric Power rate case that is before you.

I'm a citizen of Tucson, and my business is in the service territory of TEP. For me, energy efficiency just makes sense. Our state pays billions of dollars to import fossil fuels, a cost drain on our budget and a major source of pollution. Energy efficiency stems this tide. Plus, every kilowatt-hour we don't use is a kilowatt-hour I don't have to pay for, which is great news for my business.

I thank you for addressing this issue.

Best Regards,

Jeff Shoemaker
